Information that we collect

Submitted Information

The information you provide when you login and signup, such as social media account or details provided on a form.

Network Information

We collect information from your device on the IP addresses, internet, clickstream data, browser type, language, viewed and exit pages, and date and time stamps. This data is used to improve our service and help provide support for our customers

Cookies

We use Cookies as a typical website would; to enable us to distinguish you from other users.

How we store your data

Your data is stored on a router installed on site this is compliant with local regulations. If you do not login in to a Benington Wi-Fi for more than 12 months, all personally identifiable data we store about you is deleted.

How your data is used

Your data will be used to contact you with information about the tariff you have purchased and maybe used to send you additional information or to offer you relevant goods and services.

Who may use your data

Your data may be used by Benington Ltd and the site in which your access relates to.

Your data may also be provided to regulatory bodies where we are under a legal obligation to do this, to protect our own rights or if we feel someone's safety is at risk
